Mr. John I. Waterbury,

My Dear Sir:-

At a meeting of the Council on Saturday afternoon last it was decided that the Society's Lincoln medal should be offered to subscribers at once, and [illegible] appointed a Committee to [illegible] at [illegible] for action. This Committee consists of Messrs. John I. Waterbury, Chairman, William E. Osgood Field, 648 Fifth Avenue, New York, and Leonard L. Newell, Hotel Plaza, New York. Mr. Newell is at present in Europe and will not return until May.

I enclose herewith a copy of the last medal circular that was issued, also a proof of a half-tone cut of the Lincoln medal which we just had made. This cut is in my office and ready for use at any time. The reverse of the medal is blank. This medal was modelled by [illegible] Saint Gaudens. Seventy five were struck in silver and one hundred in bronze. The silver medals are numbered one to seventy five and the bronze one to one hundred.

I have forwarded to Mr. Field a copy of the circular and cut together with the same information that I am sending to you.

Very truly yours,

Director.

April 16th, 1913.

Mr. John I. Waterbury,
Chairman of the Committee on the Publication of Medals,
14 Wall Street, New York.

My dear Sir:-

As I wrote you on April 7th the Council has directed that the Lincoln medal should be offerred to the members for subscription as soon as possible. The Council has also authorized the striking of the medal by Devreese for the International Medallic Exhibition for 1910 with the idea of offerring it for subscription in the early fall. We have here the dies for this medal. One example was struck before the dies were sent to us, and that example we have. No other medals have, so far, been struck.

About two years ago Mr. Huntington commisioned Emil Fuchs, of London, to prepare the dies for a medal in honor of Mr. J. Pierpont Morgan. There was a very long delay in the preparation of these dies, and they have finally been received here a few days ago. While Mr. Huntington did not originally intend that this medal should be issued by our Society, he suggested at the last Council meeting that in view of Mr. Morgan's death it might be well for the Society to issue this as a commemorative medal, and to issue it as promptly as possible. This would, of course, necessitate a change in the original inscription, and I find that this can be done by softening the dies and engraving the inscription upon them. I already have one estimate for making this change, and striking the medals, and as I have not seen Mr. Huntington since I received this estimate, I am not quite sure whether he will want another estimate obtained or not, though I believe he has some one in mind who might estimate on it. I will probably get his views on that subject within the next couple of days.

As the only thing necessary to do regarding the Lincoln medal is to draw up a circular and send it out to the members, would it not be well, if you can find it convenient to do so, to have a meeting of the Committee and draw up this circular? I have the half-tone cut of this medal here, and if you desire I can have the circulars printed, and I will send them out as soon as they are ready.

Trusting that we will have the pleasure of see you at the meeting on Saturday, I am,

April 28th, 1913.

New York.

Dear Sir:-

Mr. J. Sanford Saltus has informed me that he desires to have four of the Morgan medals struck in gold, at his expense, to be presented by the Society to the King of Belgium, the King of Italy, the King of Portugal and the King of Spain, who are honorary members of the Society. I presume that the decision regarding this will rest with the Council, but I thought it better that you should know of it.

You asked me on Saturday to send you a reminder of your subscription of one hundred dollars to the Avery Fund.

Dear Sir:-

I have your letter of May 27th and the copy for the circular. I will place this in the printer's hands, and send you a proof as soon as possible.

I presume the idea is to make this a four page circular, the printed matter being on the first and second pages and the cut of the two sides of the medal on the third page leaving the fourth page blank. If you want it arranged in any different way, please let me know.

I notice that you have included Mr. Huntington as a member of the Committee of the Publication of Medals. The Committee, as originally appointed, consists of John I. Waterbury, Chairman, William P. Ordgood Field and Edward T. Newell, and later Edward D. Adams was added. Mr. Huntington was not made a member of the Committee. Shall I take out his name, or would you prefer having it left? Should not the Chairman's name head the list?

Very truly yours,

Dear Sir:-

The circulars are being printed by Unz & Company, 24 Broadway, (telephone 152 Broad). The proof will be sent to your office direct before three o'clock on Monday. When you are through with it please send it either to the printer or to me; it makes no difference which.

I note that you dated the circular June 1st. As it will take several days, possibly a week, to get the half tone plate, and two or three days to get the circular printed after the half tone has been received, it will be quite a little after June 1st before the circulars may be sent out. Do you want to retain the date June 1st, or put on the date when the circulars are actually completed, and in that case do you want to retain the date July 1st for the expiration of the time for receiving subscriptions, or put that back proportionately ?

The cut of the Society's seal will not be on the proof for the reason that at the time I took the copy to the printer I did not have the cut that I wanted to use. I have it now however, and will give it to the printer by the time he needs it.

Dear Sir:-

At a meeting of the Council, which was held yesterday afternoon, but four members, Messrs. Browne, Pryer, Newell and myself, were present, which was one less than a quorum, therefore, positive action could not be taken on the questions relating to the proposed exhibition of United States Coins, which were explained in my report on September 8th, a copy of which was mailed to you.

The members present, however, discussed the matter quite thoroughly in an informal way, and it was their unanimous opinion that the details should be referred to the Committee on Papers and Exhibitions (which consists of Archer M. Huntington, Chairman, Bauman L. Belden and Howland Wood) with full power.

As it is quite necessary that this be decided promptly so as to enable the Committee to progress with the work, it was suggested that I write to each Member of the Council, who was not present, and ask his views regarding this proposition, and should I receive a favorable reply from a majority of the Council, the Committee should then go ahead with the arrangements, the same as if a resolution to that effect had been regularly adopted at a meeting.

I would, therefore, request that you advise me as to your views on the question at your earliest convenience.

One Anthon Medal, in silver, - - - - - - - $10.00

July 8th, 1916.

Mr. John I. Waterbury,
14 Wall Street,
New York.

Dear Sir:-

There was brought to the attention of the Council of The American Numismatic Society, at its last session, the present unfortunate situation of our fellow member and former assistant Mr. Nelson P. Pehrson.

In view of Mr. Pehrson's past services, his faithfulness while an employee, and his constant loyalty to the Society in past times, it was the unanimous sense of the meeting, and so resolved, that the members of the Council, as individuals, should contribute towards the purchase of Mr. Pehrson's very interesting collection of coins for the Society's cabinet.

The Pehrson collection was therefore brought to the Society's building for inspection and appraisal. Our curator Mr. Wood, together with Mr. Reilly, Mr. Rudolph Kohler and myself have since worked towards a valuation of the collection, fair both to Mr. Pehrson and to the Society. The average of our appraisals amount to five hundred and twenty five (525) dollars for the four thousand six hundred and thirty six (4,636) coins, medals and tokens comprising the collection. Of this number between two-thirds and three-fourths are not represented in the Society's collection, while of the remainder there are many which can be used to improve the specimens already in our cabinet. Particularly noteworthy are the issues of the Scandinavian countries in which our collection is very weak.

It is therefore of especial importance that we contribute towards this fund, not only to assist Mr. Pehrson in his present great misfortune, but also to enhance the Society's collection with a series of coins which has been brought together with unusual care and discrimination. I need scarcely add that not only Mr. Pehrson himself, but the Society as a whole, will greatly appreciate your generous contribution.

Yours very sincerely,

John I. Waterbury, Esq.,

Dear Mr. Waterbury:-

At the last meeting of the Council there was a discussion of the methods of issuing the "Peace Medal" to be published by our Society upon the signing of the Treaty at Versailles. You will recall that a desire has been expressed that the subscription for this medal should be open to more than the membership of the Society. The Council feel that this is wise but have directed that the silver copies be restricted to our members. The discussion developed that the Council would be quite willing to have our Society make arrangements with jewellers in the more important cities of the country to handle the sale of this medal on a commission basis which should be arranged and which should be agreeable to the Committee on the Publication of Medals.

At the February meeting of the Council when this subject was introduced I was directed to call upon Bailey, Banks & Biddle of Philadelphia and find upon what basis they would consider such a proposition. Mr. Hood of that firm told me that he was of the opinion that most firms of standing would not consent to undertake the matter on a commission basis of less than 30%. Conference with other representative jewellers leads me to believe that we can reduce this commission to 25% if we perfect a plan whereby circulars will be furnished by us, and the medals can be mailed from New York rather than delivered by our agents.

Do you therefore sanction my arranging this matter on a 30% basis, (or better), with such representative firms such as Bailey, Banks & Biddle Company, A. Stowell of Boston; Tilden and Thurber of Providence, and others of like standing

in Baltimore, Washington, Pittsburgh, Buffalo, Chicago, St. Louis, New Orleans, San Francisco, Detroit, and possibly other cities? In New York we could place the medals with as many firms as were willing to handle the medal. For the purpose of making a thorough test, we are urged to offer this plan to coin-dealers as well as jewellers. Although the sale through this means will hardly be very great, it will seem unfait to them if we debar them from a commission proposition such as this. We must, of course, safeguard that no methods shall be used which would lower the dignity of our Society. We hope in this way to get into touch with the very considerable body of people in the United States who may become interested in fine medals through just such an opening.

I regret that so much explanation seems necessary to placing the matter before you. May I have your decision as to whether you concur in my concluding arrangments as outlined above (1) with jewellers, (2) with coin-dealers.

Very respectfully yours,

Secretary.

April 1st, 1919.

Sent to Mr. Waterbury and Mr. Beatty.

A question has been raised in connection with the Peace Medal, and I should like your judgment not only for this but as a precedent for other medals.

It is customary for an artist who has designed a medal to receive several copies gratis. The number is varied, and I think the procedure in previous cases has been governed by the generosity of the man most interested in the medal. I would suggest that the Publication of Medals Committee authorize me to inform the designer of any of our medals now being issued or to be issued by us that he will receive without charge one copy in silver and six copies in bronze. Should he desire further copies in bronze he may order up to six additional at cost.

It has been pointed out to me that the artist is accustomed to make gifts of these pieces to friends, but I doubt that the course I have suggested above would in any wise interfere with the sale of any of our medals.

Yours very respectfully,

Secretary.

I am enclosing herewith the proof of the cut of the Peace Medal. You will please note that we have adopted your suggestion that the name of The American Numismatic Society should appear upon the medal. I hope you will agree that it has been given just the right degree of prominence. We are hoping to have the dies finished within a week or ten days, and we shall, of course, hold the medal for publication on the date of the signing of the Treaty.

Complying with your request I am returning herewith the two tickets you so kindly sent for Mr. Waterbury's use for the 19th, on the occasion of the presentation of the Gold Medal to Marshal Foch, as Mr. Waterbury will be unable to be present.

With thanks for having called the matter to Mr. Waterbury's attention, I am,

Yours very truly,

Secretary.

Dear Mr. Noe:-

I beg to acknowledge with thanks your favour of the 17th inst. informing me that I have been elected an Honorary Councillor of the Society.

I gravely doubt if I am entitled to such distinction as my activity until recently has been restricted for an extended period. I am happy to say that I now am beginning to resume the duties which heretofore engaged my attention and interest.

Please express to the Society my sincere thanks and appreciation of the courtesy it has extended to me.

With cordial wishes for its continued success, I am,

Yours faithfully,

John T. Westervelt

Dear Mr. Waterbury:

In view of your generous contribution toward our Indian Peace Medal Fund, you may be interested to learn that we were very successful in securing sufficient funds to enable us to purchase every one of the twenty medals which we especially desired.

Our collection of Indian Peace medals is now a truly remarkable gathering, the like of which exists nowhere else in the world. The Society is, therefore, very appreciative of your loyal and generous assistance which has contributed so largely to the fortunate result as outlined above.

Please allow me to add my own personal thanks to those of the Society, and believe me,

Yours very gratefully,

President

Mrs. John I. Waterbury,
Morristown, N. J.

My dear Mrs. Waterbury:

At its meeting yesterday, the Council of the American Numismatic Society requested me to write and express to you their sympathy in the death of Mr. Waterbury. The following resolution was drawn up and ordered spread upon the Minutes:

Whereas Mr. John I. Waterbury has been for eighteen years a Fellow of the American Numismatic Society and has frequently contributed towards its upkeep and advancement, and

Whereas, during his tenure of office, as a member of various committees and later as Honorary Councillor for Life he accomplished much for the good of the Societyyand left an impression of warm kindliness upon his fellow members,

Be It Resolved that the Society desires to give expression to its feeling of great loss and to its sympathy with the members of Mr. Waterbury's immediate family, and orders this resolution spread upon the minutes of the Council.

In closing I desire to express my own sense of a deep personal loss and my sincere sympathy with yourself.

Very sincerely yours,

President
